

Confronting the Polimigra: Drawing the Line Between Police/ICE Collaboration

We would like to invite you to join us for a state-wide convening to build power and knowledge within our communities to combat police/ICE collaboration in Oregon.

In this day-long conference we hope to strengthen the network of community organizations working across the state to address the damaging connection between ICE and local law enforcement.

Confronting the Polimigra is an **action-oriented** summit where we will have the chance to:

- **Increase and deepen our knowledge** about detainers, prosecutorial discretion, consular notification, Secure Communities and ICE Access, and the matricula card.
- **Build skills and best practices** for providing know-your-rights trainings, negotiating with local law enforcement, growing the voice/power of your base, and integrating youth movements.
- **Share and learn** about the important work already being done in counties across Oregon around Secure Communities and other damaging policies.
- **Develop state-wide campaign strategies and goals** and create a framework for moving them forward.

It is time to come together in the fight to draw the line between ICE and local law enforcement! Please join us as we work to end the criminalization of our communities and improve the lives of immigrants here in Oregon.
